<b>BAG 20kg</b>	<b>QLD   NSW   VIC</b>
-----------------	------------------------

Mi-Feed is supported by leading animal scientists supplying you with a quality product to ensure your calves get the best possible start. Roasted Calf Muesli is specifically designed to meet the requirements of growing calves from 1 week of age.

Suitable for:

Mi Feed Calf Muesli is micronised for improved palatability, improved digestion, protected protein and makes the feed very safe.

**What is Micronisation?**

Micronisation is a process which cooks the starch in the grains thus making it more digestible for the animal. This process is called gelatinisation. The micronisation process includes firstly soaking (steaming) the grain and then passing it through high temperature infra-red burners and then finally rolling the grain.

This process which is similar but more efficient than steam flaking allows grain to remain partially intact but with a reduced density and increased intestinal digestion.

**Nutrient Analysis:**

Crude Protein (min)	18%	Phosphorus (min)	0.6%
Metabolisable Energy	12MJ/kg	Copper	10mg/kg
Crude Fibre (max)	10%	Selenium	0.125mg/kg
Salt (max)	1.0%		

**Ingredients:**

Mi-Feed focuses on providing premium balanced products covering each calf nutritional requirements to the highest standards. Roasted Calf Muesli include cereal grains (barley, sorghum, wheat), millrun, barley malt combings, soy bean meal, sodium bentonite, sodium bicarbonate, limestone, di-calcium phosphate, salt and a specialised mineral and vitamin premix.

**Veterinary Chemicals:**

Lasolocid Sodium is included at a rate of 33 mg/kg

**Medicinal Claim:**

Lasolocid sodium is added to improve live weight gains and feed conversion efficiency in growing calves. To help control the clinical signs of coccidiosis and reduction of faecal shedding caused by Eimeria sp. in growing calves.

**Feeding guide**

Roasted Calf Muesli should be introduced to calves in their first week. When introducing feed ensure it is kept fresh to encourage intake. Increase amount of Roasted Calf Muesli up to 1 kg/day by weaning. Ensure calves have access to good quality roughage (grass or hay).

**Availability**

Mi-Feed Products are available on a long term and regular basis for customers wishing to secure an ongoing supply. Customers can choose to purchase on a spot basis subject to availability or enter a contract ensuring guaranteed supply.

**Additional notes**

This information should be used as a general guide only. Please consult with your nutritional advisor to determine the appropriate needs for you animals.

**This product does not contain restricted animal material.**
